Notes and Helpful information

¹To the best of your knowledge. If necessary, you can seek input from other members of Undergraduate Council to see if they are aware of any potential duplication

²Enforceable pre-requisites must meet one of the following criteria: 1) based on results from an exam or test that is collected and maintained by the University (ACT, etc), or 2) based on completion of a previous course, or 3) based on a student having achieved a certain grade in a previous course. Questions about prerequisites can be sent to the Office of the University Registrar (catalog@uky.edu). Restrictions based on student classification (freshman, junior, etc), or enrollment in a College/major/minor are considered booking rules and can be modified/enforced by a the Unit without the need to modify formal course prerequisites.

³Contact hours in Curriculum are based on number of <u>weekly</u> contact hours in a 16-week semester (ie. Spring or Fall semester) and the ratio of weekly contact hours to credit hour varies based on contact type (Note: 1 contact hour for in class meeting patterns is equivalent to 50 minutes):

Meeting type	Ratio of weekly contact

	semester)
Lecture	1:1
Laboratory	2 to 3:1
Clinical	3 to 4:1
Colloquium	1:1
Seminar	1:1

Independent Study	1:1
Practicum	3:1

⁴Proposers who request repeatability also often want the course to allow multiple registrations within the same semester and may also have included a request for variable credit. Proposers often select variable credit and repeatability but forget to ask for multiple registrations within the same semester. If in doubt, confirm with the proposer as to whether or not they wish to allow multiple registrations within the same semester.

⁵Students with an excused absence have at least one week after they return to class to produce an excuse. The instructor MUST work with the student to allow the student to complete work (without penalty), ideally within the same semester.

⁶Permissible activities on Prep Days: oral/listening exams and lab practical exams **ONLY** if the course does not have a Final Examination (or equivalent final assignment; must be scheduled in the syllabus); regularly scheduled homework may be due (must be scheduled in syllabus); projects, papers and presentations **ONLY** if the course does not have a Final Examination (or equivalent final assignment; must be scheduled in the syllabus); due dates for make-up assignments, quizzes, exams (with agreement of affected students); distribution of take-home examinations that will be due during the scheduled examination period; and graded in class participation.
